Interesting Schooner.

One of the most interesting vessels built in recent years is the four-masted schooner Mary L. Newhall, which was launched from the shipyard of Elmer S. Crosby, in Bath, Me., last week, says the Nautical Gazette. The rame of the schooner is one prepared in 1862 by the government for a war vessel, it being the best live oak that could be purchased. It was sunk in Portsmouth harbor, where it lay until two years ago, the salt water having preserved it. The schooner is rated Al for sixteen years, owing to her unusual frame.
